1. Overview of Operating Results

(1) Overview of Operating Results for the Fiscal Year Ended September 30, 2024

In the previous consolidated fiscal year, provisional accounting treatment was conducted for the acquisitions of FazWaz Thailand Co. Ltd. in January 2023 and Medios de Clasificados, S. de R.L. de C.V. in March 2023. However, as the accounting treatment has been finalized in the current year, for comparison and analysis with the previous consolidated fiscal year, we are using the figures after reviewing the initial allocation amount of acquisition costs based on the finalized provisional accounting treatment.

The LIFULL Group operates under our Corporate Philosophy of “creating a society where everyone can attain Comfort and Happiness through continuous social innovations. We strive to enhance our corporate value and contribute to the sustainable development of society through healthy business activities which take all stakeholders into consideration. During the fiscal year ended September 30, 2024, the business environment in Japan has on a gradual recovery trend, driven by improvements in employment and income. However, the recovery of personal consumption remains limited due to rising prices caused by ongoing energy price hikes and the continued depreciation of the yen.

In our core industry, construction and real estate, the number of new housing starts has continued to decline, and the prices of new properties are rising due to increases in material and labor costs. The nationwide number of individuals moving house during the period (October 2013 to September 2014) decreased by 0.2% compared to the previous period (according to the Statistics Bureau of the Ministry of Internal Affairs and Communications’ “Report on Internal Migration in Japan Derived from the Basic Resident Register”). Overseas, the outlook remains uncertain due to factors such as the impact of global financial tightening and a downturn in overseas economic conditions.

In this environment, we are focusing on increasing the profitability of our core segments, HOME’S Services and Overseas, to reach the targets set in our Mid-term Management Plan (2021-2025). We have continued to make active investments for long-term business growth while concentrating our management resources on our core businesses. In February 2024, we executed the transfer of shares of LIFULL SPACE Co., Ltd., which operated “LIFULL Trunkroom.”

As a result, the sales revenue for the current period amounted to ¥34,466 million (-5.3% YoY). However, excluding the temporary sales revenue of ¥2,517 million from the sale of assets by the Regional Revitalization Fund recorded in the previous fiscal year and revenue from the third and fourth quarters of the previous year for LIFULL SPACE, revenue increased by +2.1% YoY.

On the other hand, in the Overseas segment, we transitioned to a new management structure in December 2023 to improve revenue and profitability and executed a recovery plan. However, although some indicators showed improvement, organic traffic in our aggregation sites continued to decline, causing a deviation in revenue from the restructuring plan. As a result, we recognized an impairment loss of ¥3,854 million. Additionally, due to temporary expenses related to transition to new management, as well as active recruitment efforts in the domestic HOME’S Services business aimed at medium-to-long-term growth, operating loss amounted to ¥3,241 million (compared to a profit of ¥1,842 million in the previous fiscal year), loss before tax amounted to ¥3,873 million (compared to a profit of ¥1,518 million in the previous fiscal year), loss for the period amounted to ¥5,260 million (compared to a profit of ¥963 million in the previous fiscal year) and loss attributable to owners of the parent amounted to ¥5,261 million (compared to a profit of ¥939 million in the previous fiscal year). We announced on November 13, 2024, that we have entered into a memorandum of understanding to hold specific discussions about transferring a portion of shares of LIFULL CONNECT to the Founders of FazWaz Pte. Ltd. For details, please refer to the “Notice Regarding the Signing of a Memorandum of Understanding Transfer of an Overseas Subsidiary (Partial Transfer of Shares).” If this transfer is executed, LIFULL CONNECT is expected to be excluded from the consolidation during the fiscal year ending in September 2025.

The revenue and profit for each segment are as follows.

Revenue and profit / loss by segment was as follows:

(Millions of yen; percentages indicate year-over-year change)

Segment	Revenue		Segment profit and loss	
	Amount	Change %	Amount	Change %
(1) HOME’S Services	24,034	+3.4	2,673	(3.8)
(2) Overseas	8,154	(1.2)	(1,464)	Note 2
(3) Other Businesses	2,288	(53.6)	(421)	Note 3

Note 1: Intersegment transactions have not been eliminated.

Note 2: Segment loss in the previous fiscal year was ¥246 million.

Note 3: Segment loss in the previous fiscal year was ¥204 million.

(1) HOME'S Services Business

This segment comprises the real estate and property information site, LIFULL HOME'S, and the investment property site, Kenbiya.

During this fiscal year, we have continued with our strategy from the previous fiscal year, focusing on providing more value to our users and clients while enhancing our competitiveness. We tailoring our search features to each individual and working towards providing lead with a high possibility of conversion to our clients by developing new features utilizing AI technology and making improvements aimed at enhancing user interface and experience, as well as expanding our overall client network. Although people moving in Japan has remained almost flat, traffic has been steadily increasing thanks to our developing, resulting in sales revenue of ¥24,034 million (+3.4% YoY). Due to proactive recruitment activities aimed at growth in the mid- to long-term, segment profit amounted to ¥2,673 million (-3.8% YoY.)

(2) Overseas

This segment is primarily comprised of the real estate portals and aggregation websites offered through LIFULL CONNECT as well as tech-enabled real estate agent services offered FazWaz (consolidated from Jan. 2023.)

Currently we are following our growth strategy "Moving to Direct" (a strategy to enhance the value of service offerings to users and clients while through real estate portals and a tech-enabled brokerage.) Although our Direct services, centered around tech-enabled agency FazWaz, are making good progress, rapid changes in the external environment have led to a continued decline in revenue from aggregation sites. In order to increase revenue and restore profitability, we are transitioned to a new management structure in December 2023 and implemented a recovery plan.

As a result of these developments, revenue for the current period amounted to ¥8,154 million (-1.2% YoY). The main factor for the increase in revenue is due to the consolidation of two acquisitions, FazWaz Thailand Co. Ltd. in January 2023 and Medios de Clasificados, S. De R.L. de CV in March 2023. In addition to a decrease in aggregation revenue, temporary costs also arose from the resignation of the former CEO and transition to a new management structure, resulting in a segment loss of ¥1,464 million (compared to a segment loss of ¥246 million in the previous fiscal year, a decline of ¥1,218 million).

Although there have been improvements in some indicators in the businesses of the Overseas segment due to the recovery plan, revenue from aggregation sites declined below our forecasts, leading to an impairment loss of ¥3,854 million. In light of these circumstances, we are moving forward with a strategic transformation of the Overseas segment to reverse the current trend. We announced on November 13, 2024, that we have entered into a memorandum of understanding to hold specific discussions about transferring a portion of shares of LIFULL CONNECT to the Foudnersof FazWaz Pte. Ltd. For details, please refer to the "Notice Regarding the Signing of a Memorandum of Understanding Transfer of an Overseas Subsidiary (Partial Transfer of Shares)." If this transfer is executed, LIFULL CONNECT is expected to be excluded from the consolidation during the fiscal year ending in September 2025.

(3) Other Businesses

Other Businesses is primarily comprised of LIFULL *Kaigo* (nursing care), a search website for nursing facilities for the elderly and the Regional Revitalization Business and other services.

Revenue for the current fiscal year amounted to ¥2,288 million (-53.6% YoY) with a segment loss of ¥421 million (a decrease of ¥216 million compared to the segment loss of ¥204 million in the previous fiscal year.)

In the previous fiscal year, there were temporary gains in revenue due to the sale of hotel projects from the Regional Revitalization Fund as well as due to the transfer of LIFULL SPACE in February 2024, which operated a portal website for storage space. Excluding the temporary sales from the Regional Revitalization Fund and the sales of LIFULL SPACE in the third and fourth quarters of the previous fiscal year, revenue was at about the same levels at the previous fiscal year.

(Segment Information)

(1) Overview of Reportable Segments

The Group's reportable segments are components of the Group for which discrete financial information is available. The Board of Directors reviews these segments on a regular basis to determine the allocation of corporate resources and assess business performance.

The business segments of the Company and its subsidiaries have been classified as two reportable segments: the HOME'S Services segment and the Overseas segment. These classifications are primarily based on the content of the services provided and the components of the business earnings management.

Note that Group subsidiaries, LIFULL Tech Vietnam Co., Ltd. and LIFULL Tech Malaysia SDN. BHD., were previously primarily engaged in accepting development projects for LIFULL HOME'S and external sources. However, we have revised our strategy to focus mainly on contracts related to LIFULL HOME'S, aiming to accelerate business growth as a whole. In line with this change, starting from this consolidated fiscal year, the reporting segment for both LIFULL Tech Vietnam Co., Ltd. and LIFULL Tech Malaysia SDN. BHD. has been changed from Overseas to HOME'S Services. Additionally, the segment information for the previous consolidated fiscal year have been adjusted and disclosed based on the new divisions in reporting segments.

The service categories of each reportable segment are as follows:

Reportable Segments	Service Category
HOME'S Services	Operation of the comprehensive real estate and housing portal LIFULL HOME'S, provision of internet marketing services for real estate professionals and operation of the real estate investment website Kenbiya.
Overseas	Operation of aggregation websites in multiple countries for real estate/housing, used cars and job listings as well as a tech enable real estate agency etc.

(2) Revenue, Profit or Loss and Other Items by Reportable Segment

Accounting policies for reportable segments are the same as for the Group.

The amounts of intersegment revenue are based on market prices.

Revenue, profit or loss and other items by reportable segment are as follows:

(Per Share Information)

The basis for calculating the earnings per share attributable to owners of the parent company is as follows:

	Fiscal Year Ended September 30, 2023 (October 1, 2022 to September 30, 2023)	Fiscal Year Ended September 30, 2024 (October 1, 2023 to September 30, 2024)
Profit (loss) for the period attributable to owners of the parent (JPY mil.)	939	(5,261)
Basic average number of common shares outstanding for the period (shares)	128,460,800	127,994,686
Impact of potentially dilutive common shares	261,314	-
Average number of common shares outstanding during the period after dilution	128,722,114	127,994,686
Profit (loss) attributable to owners of the parent per share (yen)		
Basic profit (loss) per share	7.31	(41.11)
Diluted profit (loss) per share	7.30	(41.11)

Note 1: The stock acquisition rights issued by our company do not have a dilutive effect, so they are not included in the calculation of earnings per share after dilution.

Note 2: In the current consolidated fiscal year, there are 502,885 potentially dilutive shares, but they are excluded from the calculation of diluted loss per share because they have an anti-dilutive effect.
